

Student Inquiry Framework

Key Idea: Explaining my learning for a purpose

- Did my audience understand what I was sharing?

Share

- How did it go?
- Where to next?

Key Idea: Front Loading / Developing a Key Question

- What am interested in?
- What do I know?
- What do I need to know?
- What do I want to find out?

Wonder

- Have I answered my question?

How am I going?

- Is this the right question?

Key Idea: Organise / Apply / Interpreting Information

- What information answers my question?
- So, What Now?
- How will I share my new learning?
- What action could I take?

Create

Key Idea: Collecting Information and Resources

- How and where will I find the information I might need?
- How will I collect or record the information?
- Record the learning

Explore

- Does this help me answer my question?
- Have I got what I need?
